

**9–10 October 2017**  
Gdynia, Poland

**SAVE THE DATE!**

**Conference on intergenerational  
local policies combined with  
the UBC Inclusive and Healthy Cities  
Commission annual meeting**

The event that we are inviting you to is a chance to collectively seek answers how to build a city open to citizens of all ages – a city that recognizes the needs, potential and prospects of people creating a local community at every stage of their life. It will be also a time to present our current undertakings implemented within the Gdynia Intergenerational Dialogue framework, and to exchange knowledge and experience.

*The City of Gdynia invites you heartily!*
