

UBC Cultural Cities Commission and Youthful Cities Commission invite You to  
**New Cultures of Education**

**Dear UBC colleagues,**

It is our honor and pleasure to invite you all to the Joint Seminar of UBC Commissions on **New Cultures of Education** which will be held in **City of Turku, Finland 25 – 27th September 2016**.

The seminar will focus on different connections between culture, education and new technologies. During the meeting we will for example hear, see and talk how coding and libraries as well as gaming and museums connect, how cultural institutions work together with schools and educators. We will also explore phenomenal based education and its role in new Finnish national education plan. Important part of the seminar will be on-site study visits.

This meeting will offer an efficient networking and dissemination opportunity for the cities to exchange experiences, learn from each other's, discuss and develop possible common project ideas and establish co-operation.

***On behalf of City of Turku and of seminar organizers***

Minna Sartes  
Director  
Leisure Division
