

STUDY VISIT TURKU EDUCATION, EDUCATION, EDUCATION

September 25 - 26, 2019, Turku, Finland

Former British Prime Minister Tony Blair said that there are three solutions for most societal problems; education, education and education. We invite you to Turku, Finland, to learn about our best educational practices, and to plan for the future European cooperation within the field.

The study visit theme comprises of attractiveness of vocational education, new learning environments, immigrant integration, and the future's smart educational solutions. The study visit is organized by the City of Turku's Education Division, in cooperation with the Union of the Baltic Cities, the School to Work Network, and the StartNet Network.
