

Natalia Musienko
Mayor of Vilnyansk

Condolences

Dear Ms Musienko,

With great sadness and grief we received daunting information on missile attack on Vilnyansk – UBC associated city. Two missiles hit the town, damaging infrastructure, a shop and residential buildings. As a result 7 people (including three children) were killed and at least 38 people were wounded. This dreadful attack caused a huge fire and severe damage to residential buildings, critical infrastructure and vehicles.

UBC strongly condemns attacks on civilian infrastructure aiming for innocent civilians. On behalf of the whole UBC community we would like to share our deepest condolences to the brave residents of Vilnyansk. We received heart breaking information about your son. We can not imagine your sorrow and pain in this horrific time. Please remember that you are not alone. Our thoughts and prayers are with you.

Yours faithfully,

Paweł Żaboklicki
UBC Secretary General
