**STEAM – Science and Technology Path for Every Child and Youngster  
Virtual Workshop 2.10.2020, 12.00-14.30 (CET)**

STEAM comes from the words Science, Technology, Engineering, Arts and Mathematics - the skills needed in the future. This workshop concentrates on one very basic, yet extremely important question: how to build a science and technology path for every child and youngster through education.

The aim of this workshop is to discuss STEAM work, share best practices and experiences and plan the future activities in the Baltic Sea Region.
