

25.05.2021 - 09:30 to 11:00

At the webinar on 25 May 2021 at 9.30-11.00 CET we will be talking about cities' resilience in relation to the water management. Ensuring that the city is adapted to the climate change consequences is crucial, and it's also important to ensure the efficiency of the water sector in the city.
