We would like to warmly invite you to the next **Commission Meeting of UBC SCC** in Jelgava, Latvia on **12-14 October 2016**.

The meeting will focus on the **integration of NATURA 2000 sites** with urban planning and sustainable development, as well as on **Integrated Storm Water Management**. Both of these topics are current in today's urban planning and therefore, the Commission meeting will strive towards offering new insights and practical examples from various experts from different UBC member cities in a friendly atmosphere.
