The City of Kiel and the UBC Smart and Prospering & Planning Cities Commission invite you to the seminar District of the Future on 14-17 June 2022 in Kiel.

Kiel is the northernmost state capital in Germany and the southernmost city in Scandinavia. On a ninety-two hectare former military site Kiel is planning a District of the Future. We look forward to registrations from city planners and municipal project developers from UBC member cities. **Become one of thirty members of our District of the Future Team!** We are more than excited to welcome colleagues from Hamburg, Riga, Gdynia, Gdansk, Liepaja, Söderhamn, Aarhus and Rostock!

We bring ninety acres of former military estate. You will bring visions for the development of a sustainable district and suggestions for the successful implementation of the planning in the next years. Meet, exchange and learn from each other. Plus: experience new ideas and amazing people at Waterkant Startup Festival.
