As the decision is in Swedish I've been asked to give you a short summary in English.

These are the main issues in the Statement from Oskarshamn Municipality.

Oskarshamn Municipality joins Växjö Municipalitys statement regarding the final report.

Furthermore the statement focus on the questions below.

- The number of commissions should be reduced for increased efficiency.
- \* The General Conference:
  - Involve senior politicians more
  - Appoint a special Nominating Committee
  - Establish a new strategy for UBC 2016 - 2020. Appoint a working group 2015
- \* Develop communication and marketing within and outside the organization
- \* No associates members like today, only members from the 10 member countries
