

# Multi-level governance in

**EUSBSR**  
EU STRATEGY  
FOR THE BALTIC  
SEA REGION

# Revised EUSBSR Action plan

## Introduction

## Governance *(new section)*

- Description of roles and responsibilities

## Presentation of each of the 3 objectives

- presentation of targets and indicators for each objective

## Presentation of each of the priorities

- Presentation of the issue
- BSR added value

- Main problems
- Actions
- Flagship projects
- Funding sources
- PA indicators and targets

## Horizontal actions

- Description of each action
- Horizontal actions indicators and targets

Annex: list and description of completed flagship projects

# Horizontal action – *Strengthening multi-level governance*

# Actions MLG in EUSBSR

## - short term measures

### Mapping

- The MLG-HAL delivers a mapping of "multi-level-visibility" in the overall action plan, plans of the 17 priority areas and within a smaller group of flagship-projects:
  - document-scanning
  - "model-analysis" (flagship projects)
  - simplified survey

# Actions MLG in EUSBSR - short term measures

## Dialouge - roadshow

- The MLG-HAL has until the end of 2013 had dialogue with all priority area coordinators to discuss the need for target and indicators directed to all administrative levels for “their” priority area and in “their” flagship projects.

# Actions MLG in EUSBSR - short term measures

## Pan-baltic dialouge

- The MLG-HAL has until the end of 2013 had dialogue with relevant Pan-Baltic Organisations like UBC, CPMR Baltic Sea Commission, BSSSC, BaltMet, CBSS and B7 to discuss how their work could be more integrated in the development and implementation of the EUSBSR priority areas.

# Actions MLG in EUSBSR - short term measures

## Development of MLG-methods

- The MLG-HAL has together with 2-3 “Pilot”-PAC:s developed methods for MLG integration in their priority area as an example also for other Priority areas.

# Actions MLG in EUSBSR - short term measures

## Mainstreaming agendas

- The MLG-HAL is involved in the planning of the EUSBSR annual forum 2013 to secure that the programme involves local and regional responsibilities and stimulates all levels to participate in the forum

# Actions MLG in EUSBSR

## - short and long term measures

### MLG-support

- The MLG-HAL will act as a "supportive expert-help desk" in the programming phase, as well as in managing of ongoing projects and in preparation of new projects (when needed)

# Draft actions MLG in EUSBSR - long term measures

## Strengthen knowledge-based governance

- The MLG-HAL will in cooperation with research society “key-institution” (Nordregio) initialize and develop a research-network of MLG in Baltic Sea region member states

# Draft actions MLG in EUSBSR - long term measures

## System of showcases

- systematically collecting and disseminating effective MLG-methods/models around the Baltic Sea states, in order to get a contextual understanding of what is working and what is not
