*Hello!*

*I am glad to sum up that cooperation between Hiiumaa youth council and UBC Commission on Education and the City of Kärdla has been successful this year. It started in the beginning of the year, when we were organizing the Youth Week of Hiiumaa. UBC Commission on Education and the City of Kärdla had a remarkable role to make it happen. We had a week that was covered with activities for youngsters. Each day had its own specific theme and actions took place around the island. This week had a stunning finish, when one of the coolest youth bands in Estonia- Tenfold Rabbit- was on Hiiumaa.*

*We organized an Internet-based research, that gathered information about potential youngsters who want to start with entrepreneurship. Respondents were from Lithuania, Poland, Estonia, Latvia, Germany, Finland, Sweden and Norway. We gathered a lot of useful information that can- and already have- be used if we talk about entrepreneurship and youngsters around Baltic Sea. I think that cooperation between us should continue next year.*

*Hergo Tasuja,  
Chairman of the board,  
Hiiuma youth council*

*X X X X X*

*As a director of the Foundation Tuuru (Kärdla, Hiiumaa) I am glad, that in organising the The Week of Young Entrpreneur from 26-30th of March 2012 we enjoyed the active support and participation of the UBC Education Commission. We hope, that in future this good cooperation will go on.*

*Yours,  
Kristjan Arunurm*

*X X X X X*

*The Entrepreneurship day was an event targeted peole interested in entrepreneurship and entrepreneurs and supported the development of entrepreneurial spirit. As a part of the event students were visiting companies on Hiiumaa. The first half of the event was aimed to support business idea generation and understanding of the economy of Hiiumaa. Second part involved students and gave insight from the perspective of municipalities and entrepreneurs as well students.*

*Support from UBC and co-operation with UBC was invaluable for event in means of organisational and financial support. Availability of additional support made the event more flexible in terms of content and organization.*

*Best regards,  
Matti Lüsü*
