

## Local Safety & Public Order Working Group Action Plan for 2011

### **The overall Aims and Goals of the Working Group:**

In the area of local safety and public order many cities around BSR have similar problems. Providing safety and maintaining public order are primary goals for all Baltic municipalities. The Working Group is created in order to exchange information and experiences in the field of safety and local order and implement good examples/solutions between cities. This would increase the level of safety within our region.
