TESTIMONIALS BY PITCH GRADUATES

“ If it weren't for the activities of PITCH, I would just be sitting at home and battling depression. This project has helped me get out, do things, learn new things and it has bettered my mental health! ”

“ The PITCH project is like an information desk with very useful information we need to live in Sweden. ”

“ PITCH encouraged me to take my first step in business and to encourage my husband too. We did it and we started our own cafe. ”

“ I've always been hesitant to go to activities because I used to go alone. Now, I just post it on WhatsApp and always have someone from PITCH to go with. ”

TESTIMONIALS BY PITCH GRADUATES

“ I learn basic Greek to communicate with my neighbour. I meet new people from the community, I know more about taxes, civil rights etc. I feel so happy to take part in this programme. ”

“ I appreciated the bowling and dinner activity. I feel like no one ever offered me such an opportunity in Palermo to get to know other people and have fun together. ”

“ I have found a space where I'm not judged. I can ask questions without stress or fear and always get an answer. And if I don't get it, I know the teachers will look for it and then tell me. ”

“ What I liked the most were the activities in Seville. Being able to go to flamenco and dance it, do macramé with women cancer survivors or rowing, have been unique experiences that PITCH has allowed me to live. ”

TESTIMONIALS BY PITCH GRADUATES

“ I appreciated the Awareness Raising classes and the presence of a gynecologist who created a safe, non-judgemental space, where every woman could feel at ease to ask any question with regards to women’s health and sexuality. ”

“ These workshops have helped me to get out of the house and open up more. I love not only coming here but also having coffee with those I now consider my friends. ”

“ It was a very nice experience to share each of our cultures and norms. We are different in our lifestyle but the social activities that we shared made us feel bonded together in one spirit. ”

“ We learned Greek and now we are talking to our neighbours, and in the supermarket in Greek. It is also helping us to understand more about our children’s school activities and support with their homework. ”

TESTIMONIALS BY PITCH GRADUATES

“ I benefited a lot from all the activities that I participated. They helped me understand my rights and learn information and details that I didn't know even though I live in Cyprus for more than ten years. ”

“ PITCH really impacted my life. I feel more connected with local people. I learnt the local language and participated in various events here. This programme helped me look for a job in Cyprus. ”

“ PITCH connected us, and to continue to be connected we need the programme to continue. I was informed about activities in my area. I finally had a serious reason to get myself out of the house. I love it! ”

“ It has helped my confidence because of the Greek classes. I understand more about the local job market and how to search for a job. It has helped me to become more friendly and open because I was a little shy before. ”
